

RODRICK CHANCE

St. Andrew 8765072551 rodrickchance@gmail.com 

PROFESSIONAL SUMMARY

Data-driven analyst with a proven record of transforming complex fiscal and operational data into actionable insights that strengthen policy and budgetary decisions. Skilled in econometric modelling, forecasting, and performance measurement to drive transparency and efficiency in public finance. Dedicated to advancing evidence-based fiscal management through rigorous research and data integrity.

SKILLS

Microsoft Office Suite	Programming
Python	Accounting
Mathematical concepts	Actuarial ideas
Analytical skills	Collaborative learning
Data-driven decision-making	Student Mentoring

CERTIFICATIONS

Introduction to Python Data Analytics - August 2022

WORK HISTORY

- OPERATIONS POLICY ANALYST** 08/2025 to present
Jamaica Urban Transit Company (JUTC)

 - Updated and maintained the company’s monthly KPI report across all active urban depots, providing accurate performance data for executive decision-making and government reporting.
 - Produced detailed monthly budget breakdowns and assisted with optimising budget projections, improving forecasting accuracy and operational cost management across divisions.
 - Assembled and analysed data for external reporting requests ensuring accurate publication.
 - Conducted a comprehensive fuel economy research project assessing Diesel, CNG, and Electric vehicle efficiency across varying routes and geographies identifying the optimal fuel economy balance based on vehicle type, route conditions, and environmental factors to support sustainable fleet management strategies.
 - Developed and implemented a fuel efficiency metric and benchmark system to evaluate and compare energy performance across the fleet, enhancing cost accountability and environmental reporting.
- TEACHER OF MATHEMATICS** 01/2023 to 07/2025
The Cedar Grove Academy

 - Designed data-driven instructional plans, achieving a 94% pass rate in CAPE Integrated Mathematics.
 - Tracked and analysed student performance KPIs across multiple cohorts to inform teaching strategies.
 - Coordinated cross-functional initiatives to streamline academic processes, reducing preparation times by 15%.

VERIFICATION LOAN OFFICER 07/2021 to 10/2022

Sutherland Global Services

- Verified client data and conducted statistical analysis on financial KPIs.
- Generated operational reports through Tableau and Excel, improving reporting efficiency by 30%.
- Monitored KPIs and provided actionable insights that led to a 20% reduction in loan processing errors.
- Ranked among the Top 3 performers out of 60+ staff members.

QUALITY ASSURANCE INTERN 06/2019 to 08/2019

Caribbean Broilers

- Conducted analysis of production pressure points to ensure ISO 9001 compliance.
- Applied SPC techniques to optimize workflows, leading to decreased inefficiencies.
- Provided trend analyses and operational reports for policy and process evaluations. □ Recommended corrective actions to maintain operational compliance.

EDUCATION

Bachelor of Science in Actuarial Science: Undergraduate, **07/2025**

University of The West Indies

Caribbean Advanced Proficiency Examinations (CAPE): 9 Subjects, **06/2018**

Ardenne High School

Caribbean Secondary Examination Council (CSEC): 8 Subjects, **06/2016**

Ardenne High School

CORE

COMPETENCIES

- KPI Development, Tracking & Interpretation
 - Operational Policy Review & Development
 - Forecasting Methodologies & Budget Projections
 - Data Analysis (Excel, Python, Tableau)
 - Statistical Analysis & Reporting
 - Project Evaluation and Monitoring
 - Process Improvement & Operational Efficiency
 - Mathematical Calculations & Statistical Process Control (SPC)
 - Cross-Functional Collaboration
- Organizational and Time Management Skills

LEADERSHIP &

PROJECT

INVOLVEMNT

- National Youth Parliamentarian (2020): Drafted and analysed national policy proposals.
- Managing Director, Jamaica Youth Motivators (2017–Present): Led operational initiatives and budget forecasting.
- Mentor and Camp Overseer: Led strategic planning for academic mentoring camps, achieving a 90% success rate.
